### Memphis Jr/Sr High School Skylert Messaging System

Memphis Community Schools uses the Skylert notification service. Skylert is a messaging system that allows the district to quickly send mass notifications to employees, parents, the community and students. Skylert works through Skyward Family Access to provide you with the means to manage your contact sources and choose how you will be contacted for a variety of purposes.

Skylert can provide you with information in three ways:

- Telephone/Cell Phone Call Electronically Recorded Messages
- E-mails
- Text Messages (Standard text message rates apply; the district does not pay for any text-message fees charged by your cellular provider)

Parents can log into Skyward Family Access and indicate how they prefer to be contacted for emergency and attendance notifications by clicking on the Skylert link. They can choose to receive phone, email, and/or text messages, and can update their contact information online as often as they like.

#### **To check and update your Skylert contact information:**
